Sir,

Construction of Town Hall building at Sagar

Alverting to G O No L 9224-38/11 M1-30-2 dated the 10th May 1931, sanctioning the revised estimate for Rs 17,500/- for the above work, I have the honour to inform you that the revised estimate provides for the construction of the building with tiled roof throughout, as suggested by the Dewan during his visit to Sagar in November 1929

The President of the Sagar Municipality desired that the Verandah and the side rooms should have a terraced roof in lieu of the tiled one in order to improve the appearance of the building A modified estimate amounting to Rs 17,300, resulting in a savings of Rs 260/- is now received from the Superintending Engineer incorporating the above modifications

It is reported that the walls of the building have been raised to nearly 6' and the doors and windows fixed I request you to be so good as to communicate the sanction of Government to the modification suggested above, in order to push on with the construction of the building expeditiously

I have the honour to be,
Sir,
Your most obedient servant.
